“Joint CRAICC - PEEEX research and educational activity”
PI Prof. Markku Kulmala University of Helsinki, Finland**

CRAICC – PEEEX Workshops to be organized in 2014-2015.

- 1. Short-lived climate forcers in the Arctic and Eurasia, *Prof. Tuukka Petäjä Univ.Helsinki Finland***
- 2. Carbon exchange in the soil/cryosphere – vegetation - atmosphere continuum, *Prof. Jaana Bäck, Senior Scientist Tuomas Laurila Univ.Helsinki & FMI Finland***
- 3. Climate change for Arctic seas and shipping, *Dr. Ulrik Korsholm DMI Denmark***
- 4. Estimating and monitoring anthropogenic emission in the Arctic by using remote sensing, *Prof. Leonid Bobylev, Nansen Norway***
- 5. Climatology of the high-latitude planetary boundary layer, *Dr. Igor Esau, Nansen Norway***
- 6. Turbulent exchange across strongly heterogeneous interface, *Profs. Timo Vesala, Sergej Zilitinkevich Univ.Helsinki & FMI, Finland***
